

Offering complete hygiene solutions according to our customers needs.

Tork product catalogue

Tork brand makes a difference because it always keeps sustainability in focus

A leader in sustainability

Our global commitment

SCA has been growing its business responsibly for over 75 years and as the number one greenest tissue manufacturer is a proud leader in sustainability. Tork products support the environmental success globally along with SCA businesses.

We are committed to the sustainable development of our business, taking economic, environmental and social issues into consideration. Forest management, fibre sourcing, safe processes, resource efficient production, and energy management all distinguish SCA from competitors as the natural leader in our business sectors. We regularly measure all these areas to secure improvements in energy, waste and cost reductions – for the benefit of the entire value chain and the environment.

Our Goals...

SCA is committed to three main goals

Water

Fresh water reduction by 15% and to reduce the organic content of our waste water by 30%.

Reducing CO2 emissions

SCA is Europe's largest private owner of forest land: 2.6 million hectares. Our forests absorb almost 2.6 million tonnes of CO2 per year which is almost as much CO2 absorbed as the total emissions from our production plants around the world.

Fibre sourcing

Our wood sourcing policy prohibits controversial sources such as illegally harvested timber, timber from high-conservation value forests and timber harvested in violation of human rights.

A record you can trust...

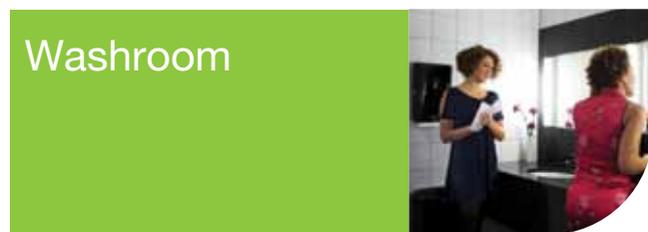

SCA delivers sustainable solutions with added value for our customers from safe, resource efficient and environmentally sound sourcing, production and development. Recent third party accreditations for the SCA sustainability work includes Dow Jones Sustainability Index 2011, the WWF Environmental Paper Company Index 2012, and Ethisphere – World's most ethical companies 2012.

Improve your business with Tork Easy Handling™

Handling solutions that improve ergonomics and efficiency

- ergonomic design
- save time, money and effort
- makes handling convenient
- better working environment

A closer look at Tork Easy Handling™

All boxes and bags have symbols that make handling as easy as possible.

Easy to carry (one hand): carry a box with one hand, or one box in each hand to save time and effort.

Easy to carry (two hands): the boxes have a comfortable grip if you want to carry them using both hands.

Easy to open (adhesive solution): just grab and pull the flaps to open the box.

Easy to open (glued solution): no knife is needed and boxes open quick and easy.

Easy to carry away: carry up to ten flattened boxes at a time.

Smart handles: the handles on our carry bags make carrying so much easier.

Easy opening: thanks to the perforated plastic wrapping, the bags open up quick and easy.

Easy disposals: used bags are just crumpled up and then thrown away.

Meet Tork Premium, Tork Advanced and Tork Universal

We have structured the Tork range in a simple and logical way in order to create a clear overview of our range and ensure you can select the best solution for your needs. The sub brands in the Tork range indicate three different price-to-quality ratios.

TORK Premium

The best you can get...

Offers fantastic cost-in-use benefits. Super soft premium quality with a luxury textile feel. It has better and faster absorption than other towels and tissues, giving extra comfort in use. Faster drying also helps to secure better hand hygiene.

Tork Premium extra soft

Experience our superior softness.

Tork Premium soft

Good quality, super soft towel.

TORK Advanced

Offers good quality, well rounded performance...

A quality range of tissues and towels that meet or exceed basic requirements. They have good absorption, brightness and strength.

Tork Advanced soft

Standard quality, soft towel.

TORK Universal

Standard quality that meets your everyday needs...

Our economic, value for money range. 1 or 2 ply options that offer standard quality tissues and towels. Will meet all fundamental requirements.

Tork is the first, and only supplier, to offer colour prints on its best quality washroom products.

Complete system solutions

Every Tork solution is a combination of quality tissue products and well-designed, functional dispensers. Attention to detail is of course extremely important too and everything from our refill identifiers to our packaging help to provide you with clear and easy to understand information.

Tork dispensers + Tork refill = Tork systems

To make navigation easier between dispensers and refills, we have introduced refill identifiers.

- | | |
|---------------------------|--------------------------------------|
| H = Hand wiping | F = Facial tissue |
| T = Toilet paper | N = Napkins |
| S = Soap | C = Couch cover rolls |
| A = Air fresheners | W = Wipers and cloths |

High frequency washroom

For high traffic and very busy washrooms such as stations, airports, sports venues and schools, there is a high operational need for good hygiene and well stocked facilities. Tork system solutions can help washroom demands and provide many advantages. High capacity dispensers that offer strong reliability and low cost in use.

High capacity needs taken care of...

The touch-free, Tork Elevation Hand Towel Roll system offers a good level of hygiene by ensuring that only the paper you touch is the paper you use. The dispenser is easily refilled courtesy of its easy load function. The Hand Towel Roll also helps to control consumption by issuing one towel at a time which aids low cost-in-use. It's high capacity ensures cleaners spend less time refilling which results in reduced maintenance costs.

Tork recommends

Toilet paper

Tork Elevation Jumbo Roll Toilet Paper Dispenser Refill Identifier – T1

554000 554008

- Dispenser for Tork Jumbo Toilet Rolls

Medium frequency washroom

For washrooms with many visitors and longer maintenance cycles, image and optimal comfort is often as important as good hygiene and quality washroom products. With Tork washroom solutions, visitors, guests and employees benefit from the Tork advantage. High capacity and easy to maintain systems that have aesthetically pleasing and easy to use dispensers, compliment all washrooms. With great quality toilet paper, hand towels and soap products, ensure your washrooms meet even the most demanding needs.

Flush the old way of thinking...

Lift your washroom with the Tork Elevation Compact Auto Shift Toilet Paper system. Its unique and functional design contains many clever solutions that will solve problems like the inconvenience of running out of paper and questionable hygiene standards. It will also improve washroom maintenance routines and save time and money. Altogether the Compact Auto Shift is the perfect solution for your washroom needs!

New Tork Aluminium design breaks old rules

Meet the Aluminium line

The new Tork dispenser line is an entirely new concept that brings modern design to the washroom. The Tork Aluminium line gives you both function and looks, sending a clear message that only the best is good enough for your customers. This is the beginning of a whole new era in washroom design. Make room for the new generation!

Brushed aluminium – a designer's favourite

Interior decorators and designers who look for a high-tech material often use aluminium to make a modern statement. The new Tork dispenser line combines light-weight aluminium and plastic for a dispenser line with both a brand new look and superior stability. The functional design, and the smooth surface of aluminium resist fingerprints, making our new dispenser line easy to clean. With Tork Aluminium dispensers in your washroom, you show that you care and that service is a natural part of your business.

We are very proud to present our new Tork Aluminium dispensers and we hope they will make your washroom equally proud.

Lift your washroom with Tork Elevation

Tork is proud to introduce the Elevation line of dispensers. We have listened to your ideas and used all of our experience to develop innovations and improved functionality that simplifies daily use. All whilst saving both time and money. Available in black and white, our broad selection of dispensers offer a wide range of features that ensure the perfect solution for your washroom needs. That's what we call functional design.

Tork Elevation dispensers for Hand Towel Rolls (H1 system) have a high capacity that is ideal for busy washrooms found in places such as schools and airports.

Low Cost-In-Use

Tork Elevation dispensers for Interfold Hand Towels (H2 system) are suitable for environments that demand both comfort and hygiene – such as restaurants, offices and healthcare facilities.

Tork Elevation dispensers for Zigzag Fold and C Fold Hand Towels (H3 system) are the traditional hand towel system for high volume public environments.

Tork Elevation dispenser for Conventional Toilet Paper Rolls (T4 system) is for washrooms that require low to medium capacity solutions.

Tork Elevation dispensers for Jumbo and Mini Jumbo Roll Toilet Paper (T1 and T2 systems) have a new stub roll feature that provides additional capacity. They are best suited for places with a large number of visitors such as schools and other public environments.

Tork Elevation dispenser for Folded Toilet Paper (T3 system) has a low to medium capacity and reduces consumption through single sheet dispensing in environments such as hotel rooms, restaurants and small offices.

Tork Elevation Compact Auto Shift Toilet Paper Dispenser (T6 system) holds two rolls. It is suitable for environments that demand a high-capacity, compact dispenser.

Low Cost-In-Use

Tork Elevation Waste Bin (B1, B3 system) can stand freely or be wall mounted.

Tork Elevation dispensers for Centrefeed Wiper Rolls (M1 and M2 systems) offer an easy, one-handed operation whilst allowing a user to take as much paper as needed. They are the ideal systems for areas where hand drying and light surface wiping are combined – such as in food preparation and laboratory use.

Tork Elevation dispensers for Soap (S1, S2 and S4 systems) are suitable for all kinds of washrooms – even in tough and demanding environments. The S1 dispenser is available with an arm lever for use in areas where hygiene is of critical importance.

Low Cost-In-Use

Tork Elevation Air Freshener (A1 system) has a variety of scented refills to lift the atmosphere of any washroom.

Our new sensor-driven dispenser makes your washroom untouchable

The new Tork Elevation sensor-driven hand towel dispenser gives your washroom that extra flair. It is neatly designed and, thanks to the sensor, your guests won't touch anything but the towel they use. So, if you want to improve your washroom's image and ensure that it offers your guests comfortable and pleasant experience – just raise your hand.

Features that make it untouchable

- Sensor-driven for a touch-free experience
- You only touch the paper you use – maximising hygiene
- Adjustable sheet length helps you stay in control of costs
- Level indicators let you know when to refill – no shortages
- It's easy and quick to load, clean and maintain
- The dispenser is high capacity – up to 1,500 hand towels
- Award-winning design (red dot design and iF product design)

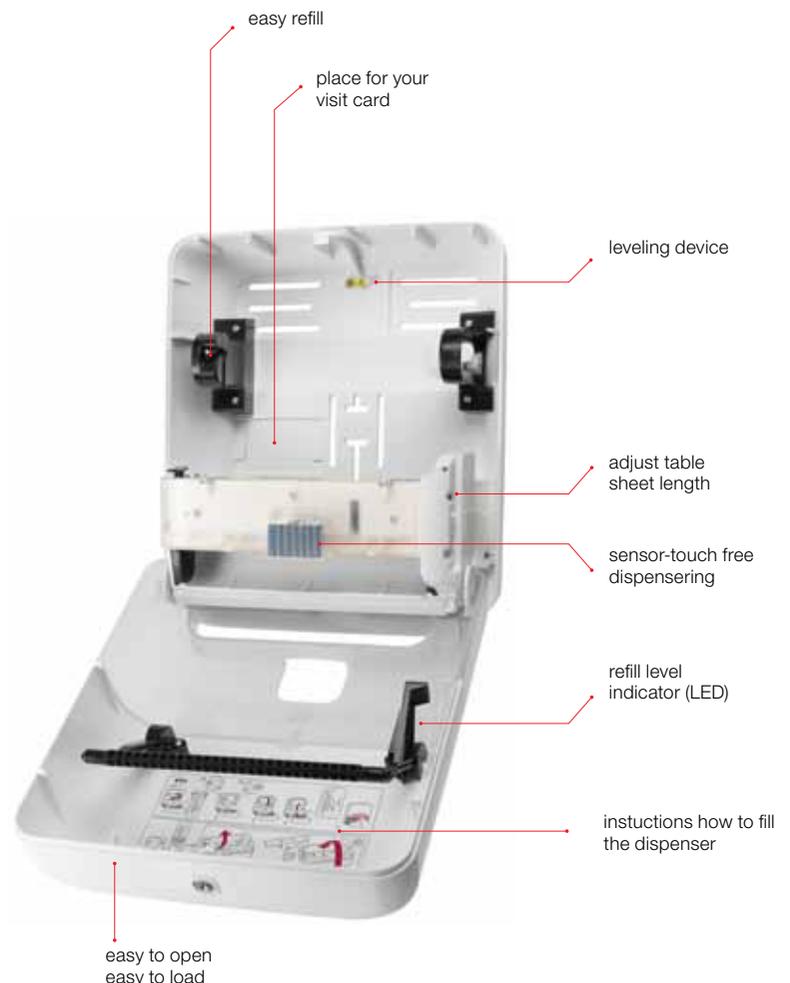

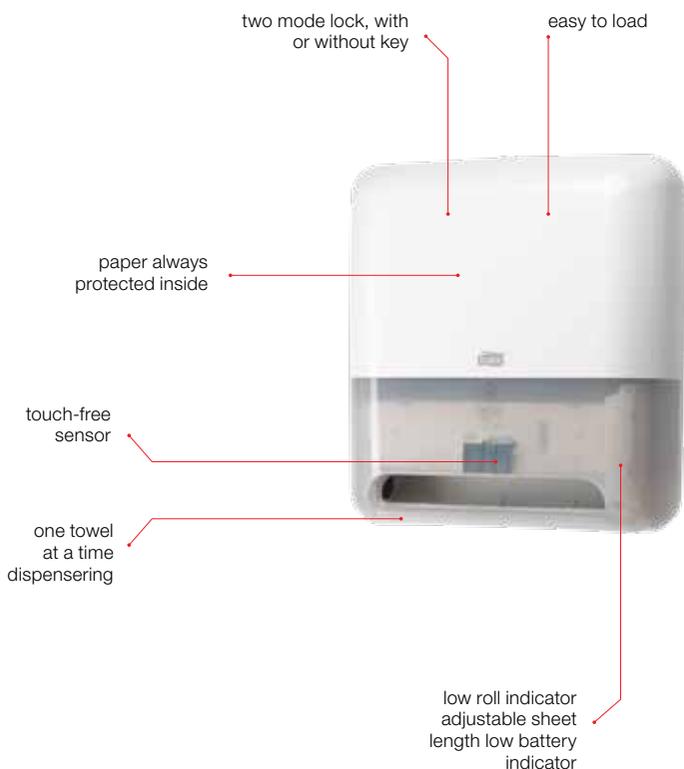

Where to use it and key features:

This sensor-driven dispenser is ideal for medium to high traffic washrooms where you want that extra flair.

- Thanks to being touch-free, it maximises hygiene, as you only touch the paper you use – the paper is protected inside.
- The flexible system offers adjustable towel length (20-60 cm), roll and battery level indicators and hang mode.
- It is a high capacity dispenser – up to 1,500 towels per roll – that is easy to load, clean and maintain.

Tork Performance

Wherever you are, whatever the task

Setting new standards in wiping, cleaning and polishing for industry, food and healthcare environments. Tork Performance is a new generation of dispensers born to perform.

- 2 colour options to suit all environments
- Controlled dispensing features reduce refill consumption and cost
- Constructed for durability and long life
- Designed to improve hygiene and safety in use

Tork Performance Folded Wiper / Cloth Dispenser (W4)

- One-at-a-time dispensing for controlled consumption and less waste = reduced cost
- Pre-cut sheets to avoid linting and cross-contamination = improved performance
- Detachable wall bracket reduces clean down time and improves hygiene = reduced cost

Tork Performance Combi Roll Wiper / Cloth Floor Stand (W1)

- One-piece spindle – quick to refill: saves time and cost
- Portable – always close to hand: saves time and cost
- Protective shield and glass fibre teeth -allows consumption control = reduced waste

Suitable for all high use areas where a large capacity mobile solution is needed.

Tork Performance Combi Roll Wiper / Cloth Wall Stand (W1)

- One-piece spindle – quick to refill = saves time and cost
- Easy to detach from the wall for easy cleaning = lower maintenance cost
- Protective shield and glass fibre teeth allows consumption control = reduced waste

High capacity dispenser suitable for all areas where space is at a premium and an easy-to find fixed location is demanded.

Tork Performance Combi Roll Wiper / Cloth Dispenser (W2)

- Dispenses both paper and non-woven refills
- Water-resistant seals protect wipers = improved hygiene and less wastage
- Side-opening hood saves refill time = reduced cost

Ideal for kitchen and food preparation environments as well as industrial environments.

Tork Performance dispensers come in two colour schemes – red/smoke or white/turquoise.

Tork Elevation Bin (B1)

Combine your Tork Performance dispensers with a matching waste bin ideal for all wash stations. The waste bin can be floor or wall mounted and the optional lid provides extra hygiene in environments such as healthcare and food preparation.

Tork Performance Centrefeed Wiper Roll Dispenser (M2 / M1)

- Water-resistant seals protect wipers = improved hygiene and less wastage
- Side-opening hood saves refill time and cost
- Robust ABS construction for long service life

Ideal for healthcare, food environments and washstations.

Tork Combi Roll Wiper / Cloth (in a box) Dispenser (W3)

- Two-in-one system helps to improve workflow productivity
- Portable dispensing through refill box
- Centrefeed through dispenser

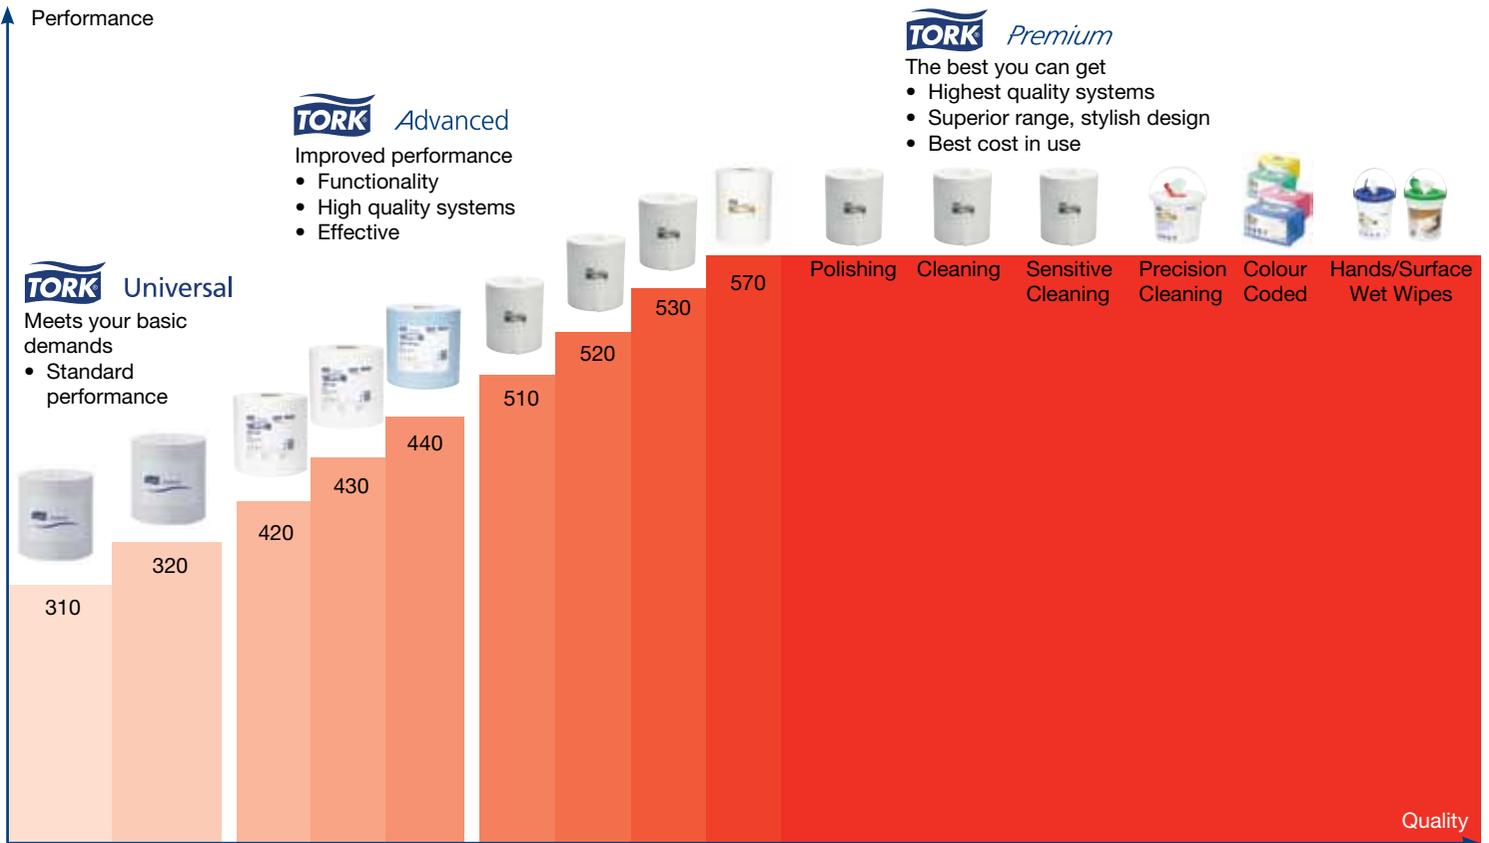

A dispenser for high use areas where easy refilling is required.

Tork Elevation Liquid Soap Dispenser (S1)

Tork Elevation soap dispensers are designed for washstations in demanding environments. The arm lever version is used in areas where there is an extra high demand for hygiene, such as healthcare and food environments.

Tork wipers and cloths – quality

Tork Universal & Advanced paper wipers

Your task

- Wiping
- Soaking up dirt and liquids

Your needs

- Fast absorption
- High capacity for water, grease, oil and dirt
- High strength when wet

Tork Premium non woven cloths

Your task

- Cleaning, removing stains and soiling from a surface using a wiper soaked with water, detergent or solvent

Your task

- Polishing, applying a wax or polish to smooth out irregularities and produce a shine

Your needs

- High absorption and release
- Compatible with solvents
- Good with cleaning agents
- Good abrasion resistance

Your needs

- Soft to avoid any damage to the surface

Best Sellers

Tork Advanced 420 Performance wipers

- Hybrid TAD paper 36% more absorbent*
- Works fast and uses less wipers reducing cost

- 2 ply glue laminated¹
- 27% stronger wet & dry*
- Lasts longer which reduces consumption

- Food contact approved
- Supports HACCP, your assurance of food safety

Tork Multipurpose 570 cloths

- Extra durable - the strongest choice
- Unique structure gives high cleaning

- Allows hard scrubbing and tough solvents without falling apart
- Textured surface makes it easy to remove grease and stubborn spots

- Protects hands both from heat when handling hot plates and pans, and from being cut by metal scraps

- Extra heat resistant
- Safe food handling is assured by the ISEGA certificate

*Tork Advanced 400 series versus conventional paper, Intermetra 2005

¹ Folded wipers (W4) are edge embossed and do not have lines pattern

Industrial workshops – an easy choice

Workshops in the automotive, metal, mechanical and petrochemical industries require tough wipers that quickly remove oil, grease, solvents and other liquids and waste from machinery. Wipers need to be strong even when wet. For these tasks, Tork Premium cloths in combination with Tork Advanced wipers are the best choice.

Your benefits

- Control of consumption and cost
- Quality finish every time
- Improved production efficiency

Tork recommends

Tough cleaning

Tork Performance Folded Wiper / Cloth Dispenser
Refill Identifier – W4

654000

654008

- One-at-a-time dispensing for controlled consumption and less waste: reduced cost
- Pre-cut sheets: avoids linting and cross-contamination
- Detachable wall bracket reduces clean down time and improves hygiene: reduced cost

Wiping oil & grease

Tork Performance Combi Roll Wiper / Cloth Dispenser
Refill Identifier – W2

653000

653008

- Dispenses both paper and non-woven refills
- Water-resistant seals protect wipers: improved hygiene and less wastage
- Side-opening hood: saves refill time and cost

Bucket cloths and wipes

Tork Premium Hand Cleaning Wet Wipes
Handy Bucket

190592

- Alcohol free and unperfumed emulsion formula: suitable for frequent use every day. Dermatologically tested and EEC compliant
- Silicone closure: keeps wipes fresh for longer
- Bucket recyclable

Tork Premium Multipurpose Cloth 570
White

570178

- Extra durable - the strongest choice
- Allows hard scrubbing and tough solvents without falling apart
- Textured surface makes it easy to remove grease and stubborn spots
- Protects hands both from heat when handling hot plates and pans, and from being cut by metal scraps

Tork Advanced Performance Wiper 440
Blue

130081

- Fast absorption of oil or grease to be wiped
- Multi ply wiper quickly absorbs oil, grease and solvent spills

Tork Premium Surface Cleaning Wet Wipes
Handy Bucket

190594

- Tough on grease and dirt – liquid and wipe material combine for high cleaning efficiency
- Fragrance-free and non-toxic – dermatologically tested and gentle on skin
- Convenient solution – ready to use: saving on time, space, hassle and costs
- Unique silicone nozzle – enables single dispensing every time: protects wipes from drying out

additional products

Tork Premium Multipurpose Cloth 530
Tork Premium Multipurpose Cloth 520

- Softness makes it flexible and enables cleaning of intricate parts
- The soft material is gentle to the surface to prevent scratches
- Can be used with any kind of solvents for a clean surface

Food processing and preparation

Quality products in the food industry can only be produced with absolute cleanliness and proper hygiene standards. Clean hands, clean working surfaces and clean tools minimise the risk of microbial contamination. Strong, highly absorbent cloths and wipers promote personal hygiene and allow water, fat, oil and grease spills to be wiped up quickly. Here, a combination of Tork Premium and Tork Advanced is the recommended choice.

Your benefits

- Approved for food contact
- Control consumption and cost
- Reduce cross contamination

Renewed Tork interfold dispenser napkin system

Get the best solution – choose Tork interfold napkin system

A napkin system that combines interfold napkins with intelligently designed dispensers to reduce napkin consumption by 25%, compared to traditional napkin dispensers.

Improvement – new compressed napkins

Tork Interfold Napkin System is good for your business
We improved our processes for optimal filling our dispensers
Thanks for our new machines and technics we can compress the napkins about 20%. That is why more napkins can be filled into the dispenser which reduces our costs by delivering, storing and is an extra for saving our environment.

- the optimised package is instead of 13 cm now 10 cm
- due to that we can fill 1 full pack into the table top, 2 packs into the counter and 4 packs into the high capacity dispensers.
- no more opened, not used unhygienic napkin bundles
- the new packaging has the easy handling feature- easy to open, easy to carry, easy to destroy.

Also the new N4 napkins has the EU-Eco label and ISEGA certification

Reduce your waste for a greener today

Waste for all businesses selling or serving food and drink is an increasing problem. Minimising waste and waste handling with Tork Interfold Napkin Systems will save you valuable time and unnecessary costs. It is also a responsible action you can take today to contribute to a more sustainable tomorrow.

The Ad-a-glance is a great area for promotions

Many Tork dispensers have Ad-a-glance areas. These are designed for promotions and short term offers that trigger further sales in your establishment.

The most important features of Ad-a-Glance

- customers cannot fail to notice it
- can be helping you to make attentions of other products
- you can rent it
- change it whenever you want (for menus, for offer the day etc.)
- create your own template or ask for Tork's templates available to download from our website

Quick service dining

In a canteen, fast food restaurant, café or snack shop, these dispensers perform well. With their good looks, they add that extra decorative touch to any establishment. With a Tork Interfold Napkin Dispenser, customers will always have a clean, good quality and hygienic napkin to hand. And with the Tork Interfold Napkin Dispenser range always providing one napkin at a time, you can be sure of cost-in-use savings and reduced consumption – every time!

Our napkins have the following eco-labels (except for black colours):

Minimise consumption NEW

Maximise attention

Let use your napkin as visit card! Up now you can get Tork Interfolded Dispenser Napkin also in custom print version.

Main benefits of custom print napkins are:

- informs you, talks to you,
- about 90% of guests read texts on napkins
- how creative is your napkin depends only on you
- less waste - environmental friendly
- printing possibility up to 3 colours

Your needs decide the message; it can be so much more than a logo...

- the logo/brand,
- promotion offer
- tell your story/ history
- anniversary
- cooperations
- the quality of food
- environmental position

How to prepare interfolded napkin with custom print?

The process is the same as by ordering standard custom print napkins.

- you can choose 1 ply Universal or 2 ply Premium quality
- folding 1/2 or 1/4
- printing possibility up to 3 colours from our 60 standard Pantone colours
- you can use your own logo, design or
- in case of any questions please ask for our help (we can help you with 180 type of motive and 60 different letter types)

Please see our Tork Interfold Napkin custom print assortment overview on the next page.

Kitchens

Impeccable hygiene standards in food preparation and service areas are of paramount importance. Just as the right ingredients are used to prepare a dish, the right tools are required in the kitchen. Tork products excel by providing high performing, low cost-in-use products that are also food contact approved.

Drying and wiping combined...

Offering an easy, one handed operation, the Tork Performance Centrefeed Wiper Roll dispenser is an ideal solution for kitchens and food preparation areas that require an all in one solution. The Centrefeed rolls can be used for hand drying as well as light surface wiping and enable the user to take just the right amount.

Hygiene leaves no room for compromise

Know how improves hygiene

In healthcare, the need for hygiene and infection prevention is paramount. Whatever your needs – in your hospital, nursing home or other medical or care facility – you will always find a Tork solution that meets these needs. Within the Tork range, you will find solutions for patient care washrooms and kitchens of every kind that will provide hygiene, comfort and low cost in use.

Hygiene is key in any care facility

High standards of hygiene are crucial in preventing cross contamination among patients and hospital staff. Improved hand hygiene by medical and care staff is key in preventing hospital-acquired infections.

Everywhere in care

Regular and careful hand washing is essential in all medical and care settings. Hand towels and soap provided at handwashing stations must be gentle on hands and quick and easy to use. Likewise, soft and comfortable wash cloths, couch covers and other tissue products offer convenience, both for patients and staff.

Hand hygiene helps fight disease

Improved hand hygiene can significantly contribute to improved health:

- 1 in 10 patients acquires an infection in hospital
- Hand hygiene prevents cross contamination
- One in three infections can be prevented by better hand hygiene
- Dry hands reduce the spread of bacteria

Patient care and treatment

Gentle patient care is essential for any hospital or healthcare facility, whilst the need for hygiene and infection prevention is paramount. The Tork range not only helps prevent the transfer of bacteria and the risk of infection, but our hygiene rolls, wash cloths and other tissue products also contribute to the comfort and well being of every patient.
